

# **Blockchain Academy & Web3 Hub**

## **Sponsorship Request:**

### **Overview**

We are launching a Blockchain Academy & Web3 Hub—a space dedicated to blockchain education, developer training, and Web3 innovation. This academy will be open to all Web3 protocols, allowing them to host events, run developer programs, and engage with Africa's fast-growing blockchain community. This will be happening in our new permanent building located in Agbarho, Delta state of Nigeria, which close to the federal university.

### **My Background Story:**

A) Tech Evangelist: I started my tech journey as tech event organizer and community manager with Django Girls (<https://djangogirls.org/en/delta1/>) and this moved me to organized several other tech events with supports in funding and swags from tech brands like GitLab, GitHub, Elastic, Linode, Mozilla, Wordpress, and many more. However, it is very key to note that I started the GitLab Nigeria Community in 2019 before the COVID 2020 and despite the COVID challenge globally, GitLab became popular in Nigeria & GitLab made me one of the GitLab Heroes.

B) Founder WittyHub: By being a tech community manager, I noticed that having a co-working space was a big challenge for developers and thus the WittyHub project was conceived towards addressing this gap by providing an easy access co-working for developers with venue for tech events and meetups in Effurun, Nigeria and we had our very first event at WittyHub on March 2, 2019. The hub was later officially commissioned on May 28, 2020 and since that time WittyHub has hosted series of meetups, bootcamps, training, hackathon for different brands, and also it has provided co-working spaces for developers in Effurun and environs.

C) Transitioning to Web3: Then we started hosting annual tech conference with the event name as, "CodeUp Festival 2020" on October 1<sup>st</sup>, 2020 with

Linode as the major corporate sponsorship of that event. However, web3 started gaining more popularity in Nigeria in that same 2020. Thus in the year 2021 we changed the annual title to “CodeUp Blockchain Festival 2021” which was held on October 1<sup>st</sup> 2021 with Polygon being the major sponsor and supported by Ethereum and other brands. Below are some of the web3 events I have organized or co-hosted.

1. As the convener of CodeUp Blockchain Festivals, I have been privileged to host Blockchain events in Nigeria, Ghana, Uganda & Zimbabwe. Below are links to some of the photos taken.

From 2017 till date, I have been able to impact over 5000 youths with relevant tech skills. Thus my background and experience, with the support from WittyHub team tells more of my capacity in piloting this project for the advancement of prospective web3 protocol partners with this “Blockchain Academy & Web3 Hub” project in our new building at our permanent site.

### **Project Team:**

1. Onose Oghenevwogaga: He is a hub manager, a seasoned advocate of blockchain community development and a web3 ecosystem builder.

(<https://www.linkedin.com/in/onose-ogaga/>)

2. WittyHub: It is a place where developers code, create and collaborate. It is located at #28 Jakpa road, Effurun, Nigeria.

### **Partnership / Sponsorship Tiers**

Below are the different packages and the associated benefits.

#### **1. Founding Partner (Exclusive) – \$25,000 (Annual Renewal)**

- Naming rights (e.g., “Polygon Blockchain Academy”).
- Exclusive branding throughout the academy (banners, website, events).
- Priority access to host Web3 events, hackathons & developer bootcamps.
- Co-development of curriculum & educational content tailored to your protocol.
- Private office space & dedicated signage in the academy.
- Engage with 500+ active developers annually through academy programs & events.
- Early access to top developer talent trained in the academy.

## **2. Ecosystem Partner – \$10,000 (Annual Renewal)**

- Branding on academy materials, website & events.
- Monthly access to host workshops or community meetups.
- Inclusion in educational programs (developer grants, training).
- Event co-sponsorship opportunities (hackathons, competitions).
- Direct engagement with 300+ developers & Web3 enthusiasts annually.

## **3. Supporter – \$5,000 (One-Time or Annual Renewal)**

- Branding on the academy’s website & social media.
- Quarterly event access to host workshops or hackathons.
- Participation in educational programs to engage developers.
- Connect with 150+ developers & blockchain learners annually.

## **Additional Sponsorship Options & Benefits**

### **1. Hackathon Sponsorship – \$3,500 per event**

- Fund a developer competition focused on your protocol.
- Branding at the hackathon venue & online promotions.
- Direct access to 200+ developers and builders participating in the hackathon.

### **2. Developer Grants – \$2,500 per cohort**

- Fund Web3 developer scholarships & grant programs.
- Sponsored developers will work on your protocol.

- Direct engagement with 50+ selected developers per grant cycle.

### **3. Infrastructure Sponsorship – \$5,000**

- Fund the setup of training labs, workspaces & high-speed internet.
- Get naming rights for the sponsored space (e.g., “[Your Protocol] Developer Lab”).
- Long-term exposure and branding inside the academy, reaching 500+ developers annually.

### **4. Event Sponsorship – \$2,500 per event**

- Sponsor workshops, meetups & networking events within the academy.
- Feature your protocol in talks, panels & marketing materials.
- Engage directly with 100-150 developers & Web3 enthusiasts per event.

### **Why Sponsor?**

- Expand Your Ecosystem: Directly engage with Africa’s Web3 developers.
- Brand Visibility: Position your protocol as a leader in blockchain education.
- Talent Pipeline: Onboard skilled developers into your ecosystem.
- Community Growth: Build relationships with local Web3 builders.

### **Sponsorship Duration & Flexibility**

- Sponsorships are structured as annual renewals for long-term impact.
- One-time sponsorships are available for specific events or initiatives.
- Custom sponsorship packages can be tailored based on a sponsor’s goals.

### **Next Steps**

We invite Web3 protocols, DeFi platforms, and blockchain projects to partner with us in shaping the future of blockchain education in Africa. Let’s build a thriving Web3 ecosystem together!

### **Free-Will Support \$ Donations (Any Amount)**

For those who want to contribute but prefer flexibility, we welcome all your **donations of any amount** to support the Blockchain Academy and Web3 Hub Project.

### **What You Get In Return**

- **Any Donation (e.g., \$1+)** → A heartfelt thank-you message via email
- **\$100+ Donation** → You get a recognized Certificate of Appreciation
- **\$300+ Donation** → Recognition as our Community Supporter.
- **\$500+ Donation** → Shout-out on our social media & newsletter.
- **\$1,500+ Donation** → Invitation to an exclusive AMA (Ask Me Anything) session with academy leaders & developers.
- **\$3,000+ Donation** → logo placement on the academy's website.
- **\$5,000+ Donation** → Recognition on the academy's "Wall of Supporters" + VIP access to events.

### **Use of Funds from Donation**

Funds from donations will be used to kickstart the blockchain academy and web3 hub program activities and also to ensure that the web3 hub space is fully put to use for the advancement of blockchain technology & also for the empowerment of youths with blockchain technological skills. Also we will ensure that there is a fully functional internet aided computer lab in the hub.

The training spaces will be made conducive for learning and training as well as the co-working spaces for web3 developers to maximize. Periodic web3 community and relevant events will be held to foster ecosystem building and networking. Our goal is to ensure that this new facility meets the standard of a web3 hub and also be well fit to host various blockchain protocols training.

## Our First Hub, Also Known As WittyHub

### Our New Building for Blockchain Academy & Web3 Hub

This building has 4 event spaces for meetups, hackathon with an average sitting capacity of 40 persons in each space, also with other 6 co-working spaces that can take an average of 10 persons each. In future, we intend to work on the outside space in front of the building for major events and it can take up to 100 persons comfortably in one space. This is why we call on your protocol to partner with this project and let us build together.

### **Call To Action for Donors**

This is our permanent site and we have put so much funds into this project for the advancement of the blockchain & web3 ecosystem, so please do all it takes to encourage us by supporting this project financially in any way you can, as we will appreciate all donors, no matter the amount as well as all protocol partners will the associated benefits.

**Crypto** donations / supports / partnerships / sponsorships payment are fully accepted, you can find details of our crypto payment channels below.
